Description: Saturday morning, we will be ferried to St. Joe's Island aboard the M/V Skimmer for a day of skinny water kayak & wade fishing in the Fence Lake area. The Skimmer can carry 12 fishermen and their kayaks. About 3:00 pm, the Skimmer will return to pick us up at the mouth of Fence Lake and take us back to the dock.

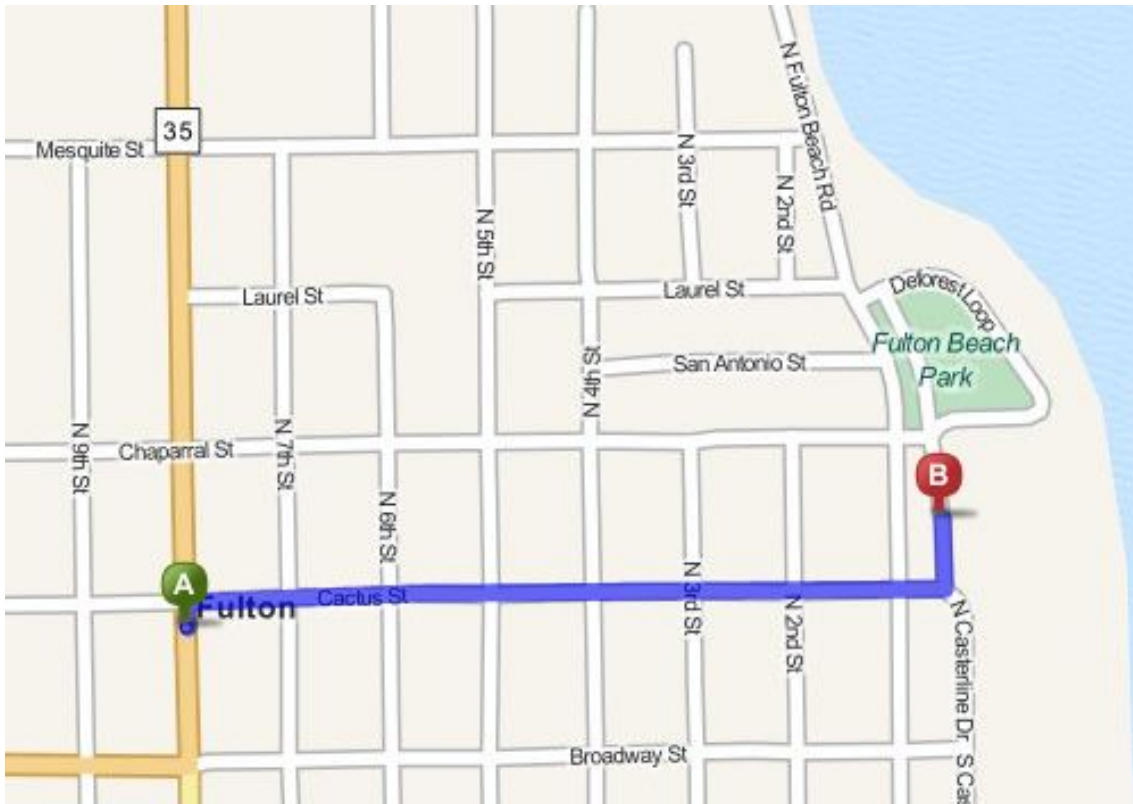

Important Note: *Be sure and remove all items in and on your kayak prior to load out on the Skimmer and carry them on separately. It will make it easier to load and stack the kayaks on the mother ship.*

Sign up: Register for this outing on the sign up at the April and May TFF monthly meeting or e-mail the trip leader. Registration deadline is on or before 3:00 pm Sunday, June 3, 2018.

Cost: Ferry Service aboard the M/V Skimmer will be \$30.00 per person. *Note: The rate based on a minimum of 10 people. If you need to rent a kayak, they are available through the Skimmer at \$50.00 per day. You will need to reserve it in advance. Also, tips for the crew are appreciated but, not included in the ferry fee.*

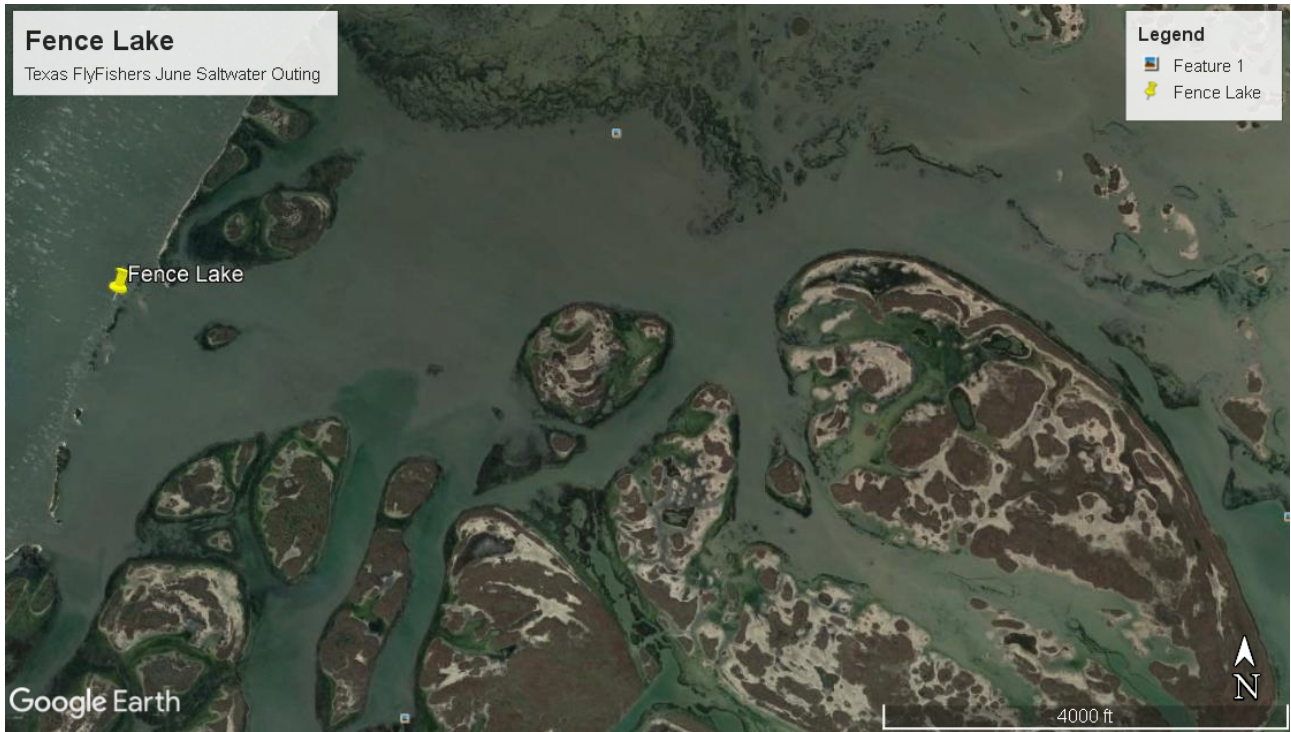

Directions:

Saturday Morning: We will meet up at the Skimmer’s dock, located at the Fulton Harbor, just behind Charlotte Plummer’s Seafood Restaurant in Fulton, Texas, at 5:00 am for loadout. When you come in to Fulton on HW35, Turn left on Cactus Street and go appx. ½ mile to Fulton Beach Road. Cross Fulton Beach Road and just behind the restaurant to the left is the Harbor and the Skimmer. This is where I’ll collect your filled out Waiver of Liability and your ferry fee. Once we have the kayaks and gear loaded, we’ll shove off.

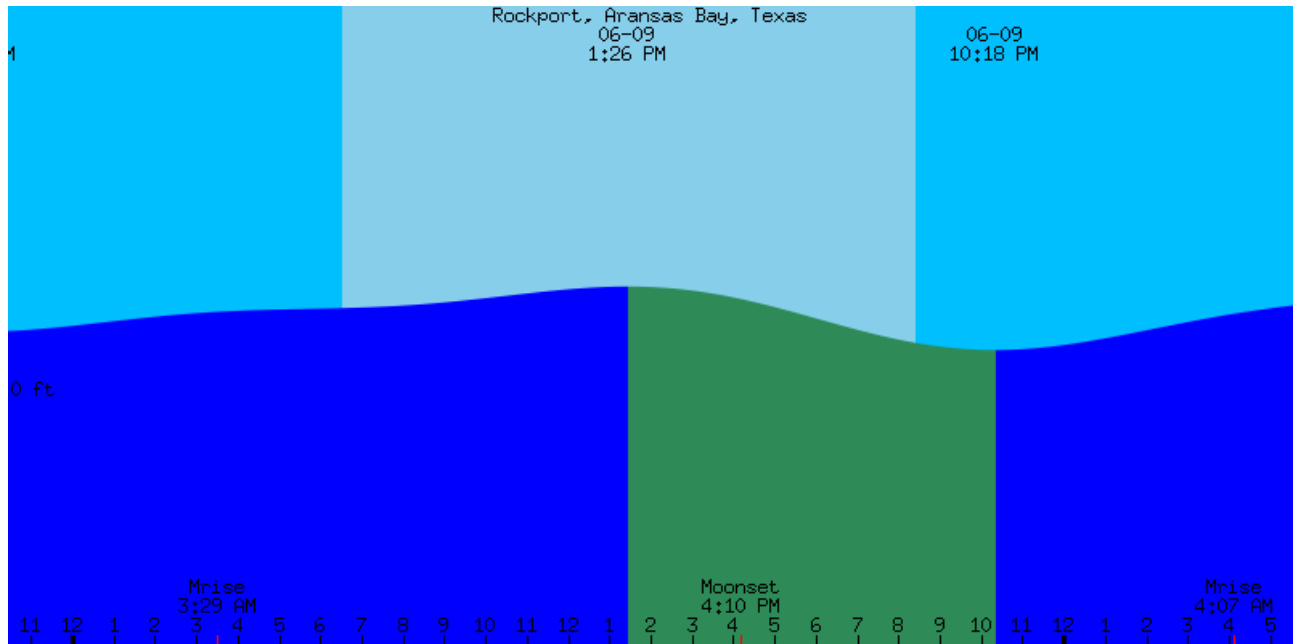

About the area: Fence Lake is a relatively small and shallow bay (averaging about 1½-3 ft.). This combined with the grassy bottom keeps the water clear and should allow you the opportunity to sight cast to fish. The numerous fingers and creeks should provide ample opportunity to explore the area and enjoy a peaceful day of fishing. The fish should be set in their spring patterns, big trout will be up shallow along with the red fish feeding on glass minnows and small shrimp. Be sure and keep your eye on the prop scars. Recommended Equipment: 6-8 WT outfit with weight forward, floating line, tapered leader with a 10-12 lb. test tippet. Don't forget extra leader material and tippet.

Recommended Flies: Shrimp patterns, Bead Eye Clouser Minnows and light colored grizzly Seaducers are the productive flies. Spoon flies, crab and kwan style patterns also work well. Size 6 to 2. For surface flies, choose a pattern that will land softly, such as the Gartside Gurgler, a Dink or VIP popper. **Note:** There is a lot of grass in Fence Lake, both under and on top of the water. You might want to add a weed guard to your flies. You can always snip it off.

Recommended guidelines for participants:

- Notify the trip leader if you have any potential concerns or health issues.
- Know your limitations. If you are inexperienced then buddy up.
- While we all practice catch and release, I don't think you will be banished from the Club if you desire to keep a fish or two for the skillet. However, you might want think about to how you are going to transport your catch to the dock. A soft sided cooler with a frozen ice pack should do the trick.

Note - Sunday Trip: If there is interest and, since we will already be down there, we can put together a Sunday morning (fish 'til noon). Please let me know if you are interested when you sign up.
